TABLE OF CONTENTS

HISTORY

Honor and the Rising Sun

Founded in 1969, Fernandes Guitars becomes Japan's fore front manufacturer to truly produce successful Flamenco Guitars, thus creating - to this day - a never ending demand to expand its production and include a wide array of acoustic guitars, electric guitars, basses, amps and accessories. With top selling instruments, it was evident... Fernandes Guitars had become the leading guitar manufacturer of the Orient.

The California Roll

Following the long line of success in Asia, 1992 welcomes Fernandes USA to Hollywood, California, opening its doors to quickly establish presence in the American guitar market with both quality instruments and modern finishes, all at affordable prices.

Innovation And Tradition

By 1996 the Fernandes USA Custom Shop expanded the scope even further by pushing forward with intense guitar craftsmanship. Hungry to prescribe new formulas on how the world plays, hears and sees guitars, our relentless Research and Development Department gave birth to models such as the Ravelle and the Nomad, as well as reinventing the Sustainer System technology. With all levels of players in mind, ranging from the first-time buyer to the seasoned pro, Fernandes offers endless options that cater to the needs of all players. A comprehensive understanding of the guitar player fuels our nonstop commitment to the consumer and the consumer's demand for quality and excellence. It is this mind set, our tradition, that has granted Fernandes Guitars to have claimed rights as the leading guitar manufacturer in Japan and now to become the competitive force for guitar manufacturers in the American Market.

Wanna Play?

Combining the elements of traditional style with contemporary technique, Fernandes continues to provide a unique voice much so needed by today's musicians by expanding the limits of guitar manufacturing with innovative body shapes and ultimate hardware configurations. Today's guitar player demands both modern style with vintage feel, and it is Fernandes Guitars who supplies both worlds... with elegance... and no compromise! Fernandes is your key to a superior realm of tone and the redefinition of sound.

FERNANDES SUSTAINER™

Since the 1960's, electric guitarists have been left scratching their heads, seeking an effective way to control sustain and feedback. Behold! The FERNANDES SUSTAINER™... puts that power right at your fingertips with just the flick of a switch. Bust out texture and tonal coloring ala Hendrix at any level of volume with our patented technology. Use the Sustainer on single notes, use it on chords, adjust it to give swells or for a gradual decay to the 'sustain'.

The Power of Infinite Sustain

What is the Fernandes Sustainer™?

The FERNANDES SUSTAINER™ is a uniquely designed electronic system that enables the controlled sustain of any single, or group of notes within the guitar's sound range. At your discretion, strings will emit sound at a consistent intensity until stopped, regardless of output and/or location, even if the guitar is not connected to an amplifier! How's that for starters?

How does it work?

The patented FERNANDES SUSTAINER™ system generates a magnetic field causing the strings of the guitar to vibrate. Powered by a 9-Volt battery the interaction of the bridge humbucking pickup(B), the Sustainer Circuit Board(C) and the neck Sustainer Driver pickup(A), projects magnetic pulses that continuously vibrate the strings of the guitar, the same way an amplifier would at extreme volumes, yet totally controlled! The result is infinite sustain and/or feedback using sparkly clean or loud distorted settings without the need for excessive volume or extra outboard gear!

Notes

1. Natural Mode: The note(s) will continue to ring its natural fundamental tone as long as the string(s) are free to vibrate and the Sustainer System is on.
2. Harmonic Mode: Within seconds, the pitch of the ringing note(s) will rise to the 5th natural harmonic.
3. Mix Mode: Available on select models including our FSK-401 Sustainer Kit, the Mix mode blends the Natural and Harmonic Mode to harmonize indefinitely every ringing note creating a harmonized feedback effect.

What can the sustainer do for you?

Enhance your creativity with the Fernandes Sustainer™. Use with any combination of gear in your arsenal of effects, amp models and home recording equipment. Discover new sounds as you explore the world of controlled sustain and feedback. How do you get natural sustain using digital effects? You can't! It's The Fernandes Sustainer that makes this possible!

FERNANDES SUSTAINER™ KITS

Share your musical mind with the world. The Fernandes Sustainer™ Kits brings you the most advanced technology in Magnetic Sustaining Systems with two options suitable for most guitars.

FSK-401 - The official Fernandes Sustainer™ Kit with a Humbucker Size Sustainer Driver and an affordable basic configuration. Now you can have the power of infinite sustain in any guitar with a neck humbucking pickup configuration! Contact your local dealer and order now while supplies last!

FSK-401 Kit Includes:

- Humbucker Size Sustainer Driver - Sustainer Circuit Board
- Easy Access Battery Box - 1 Volume Pot
- 1 Stereo Jack - 1 Battery Connector
- Connection Wires and Clips - One 9-Volt Battery
- Installation Manual

FSK-401 - Our first and now legendary Fernandes Sustainer™ Kit with a Single Coil Size Sustainer Driver. Complete electronics package brings Sustain Control to higher limits.

FSK-401 Kit Includes:

- Single Coil Size Sustainer Driver - Sustainer Circuit Board
- Custom FGI Humbucker Easy Access Battery Box
- 1 Volume Pot - 1 Tone Pot - 1 Sustainer Pot
- 1 Pickup Selector Switch - 1 Stereo Jack
- 1 Battery Connector - Connection Wires and Clips
- One 9-Volt Battery - Installation Manual

A FEW WORDS OF WISDOM

"With the Fernandes Sustainer I think I've scared all of the other animals away. The sounds of hell just became more interesting."
Kerry King (Slayer)

KERRY
SLAYER KING

"My Fernandes Sustainer gives me infinite sustain as it should be with control and musicality."
The Edge (U2)

"A great thing to have when you're in a sonically hostile environment."
Slash (Vehel Revolver)

"When looking to expand the musical palette of Sonic wisdom, the Fernandes Sustainer will take you to a whole new horizon."
(Steve Stevens)

"The Fernandes Sustainer gives my guitar playing a whole new dimension. As a matter of fact it's sort of a dimension of slow motion. I actually can play long slow notes now."
(Steve Vai)

"I love the thing, it's really cool. It's a great show biz tool as well as a musical tool and when I go up to that high octave it sounds like the hole of my C™ screaming as loud as it possibly can. The Fernandes Sustainer moves mountains."
Steve Lukather (Toto)

RAVELLE®

Guitar players are persistently pushing to forge their own sound and image. The Ravelle was developed and created with this in mind, Uniqueness, individuality and personality.

Ravelle® Elite / Deluxe

Guitar players are persistently pushing to forge their own sound and image. Here are three words to sum up the Ravelle®: uniqueness, individuality and personality. The Ravelle features our trademark body shape, achieving top-notch tone with only the finest woods available. A 5-A Canadian flame Maple top coupled with a solid Mahogany body and neck with a 22-fret Rosewood fingerboard. Equipped with a Graph Tech® nut, Grover® tuners, Seymour Duncan® USA humbuckers (JB/Jazz), the Ravelle® encompasses all that is distinct. Push the envelope even further by stepping up to the Ravelle Elite, featuring the world renowned Fernandes Sustainer® System, for unlimited sustain and controllable feedback at your fingertips.

Ravelle® X

Acclaimed as one of the most awaited musical products at last year's 2005 Summer Session, the basic version of the trend-setting Ravelle® design hits hard in 2005. Featuring Solid Alder body, Maple bolt-on neck, 22-fret rosewood fingerboard, Triangle Trapezoid inlays, 2 Fernandes high-output humbuckers, Tune-O-Matic string-thru-body bridge, 3-way toggle switch, 1 volume, 1 tone, 24 3/4" scale, 14" radius, 5 1/8" composite nut, matching body/headstock finish.

Ravelle® Baritone

For those of you who want to 'get down' with Fernandes, we introduce our very first Baritone guitar. With the precise craftsmanship and class that the Deluxe and Elite versions offer, the Ravelle Limited Baritone has a solid Mahogany body and set Maple neck, 22-fret rosewood fingerboard, Triangle Trapezoid inlays, EMG® 81 active humbuckers, Gotoh MH-24 tuners, Tune-O-Matic bridge w/stop tailpiece, 3-way toggle switch, 1 volume, 1 tone, 27" scale, 14" radius, and 5 1/8" Graph Tech. Available only in Black.

The most aggressive Fernandes we ever made hits the stage, offering unique low tuning versatility with the attack of mythic EMG® 81 humbuckers for a full blast of tone, looks and class. Modern classic design and top quality components makes this monster a must have in any twenty first century guitar player's arsenal.

RAVELLE® ELITE

DAVE KUSHNER SIGNATURE

Signature Series

You want Rock Star performance? To heed the call our classic Ravelle Elite Dave Kushner Signature is back, revised with a new finish and custom options. Available in Dave's very own Forest Green Metallic and Sky Blue Metallic finishes, this 6-string beauty comes equipped with Schaller® strap locks, a Graph Tech® nut, Grover® tuners, Gotoh® Tune-O-Matic bridge, the Fernandes Sustainer® System, custom pickguard, DK logo truss rod cover, and your choice of Seymour Duncan® Custom or EMG® 81 bridge humbucker.

KUSHNER
VELVET REVOLVER

VERTIGO®

Another Fernandes trademark body style, developed in conjunction with key suggestions and advice from world touring artists, the Vertigo® has the distinction of becoming the first "rebel" in a family of traditional guitars. No guitar hangs like this guitar!

Vertigo® Elite

The Vertigo Elite features a 5-A Canadian flame Maple top, Mahogany body and slim tapered setneck with a 22-fret Rosewood fingerboard, Graph Tech® nut, Grover® tuners, Seymour Duncan® humbuckers (Full Shred) and white/black binding.

Vertigo® X

The Vertigo® X features a solid Alder body and a bolt-on hard Maple neck with a 22-fret Rosewood fingerboard. Equipped with dual Fernandes highoutput humbuckers for powerful tone at an affordable price.

"What is truly great about this guitar is its ability to go from fire breathing rock tones to lacy delicate textures. Unique look, lots of great tones, fun to play."

12 DRAGONFLY®

The Dragonfly® has long been a symbol of versatility and comfort. It engages many different styles of music and sound. Now, elegance is added to the mix. The new Elite & Deluxe models feature a Canadian quilted Maple top, available in beautiful, awe-inspiring finishes. Art meets performance with the new Dragonfly.

Dragonfly® Elite

Versatility at it's best! The Dragonfly® boasts a 5-A Canadian flame Maple top, double cutaway Mahogany body and setneck with a 24-fret Rosewood fingerboard. It also comes equipped with Grover® tuners and Seymour Duncan® humbuckers (Custom V in bridge & 59 model in the neck) for that potent and expressive tonal range. The Dragonfly® Deluxe model features a coil tap option on both humbuckers for six different pickup configurations. If you're looking to rise above, then the Dragonfly® Elite is your match made in heaven, available to you with the Fernandes Sustainer®; expect your performance to take on new heights.

Dragonfly® Pro and X

Bringing versatility to the conscious "entry-level" player, the Dragonfly® Pro and X models feature a solid Alder body, a bolt-on hard Maple neck with a 24-fret Rosewood fingerboard, two humbucker setup in the Pro Series and a Fernandes high-output humbucker/single coil/single coil configuration in the X Series for a complete palette of tone. The Dragonfly® Pro model features the Fernandes Sustainer®, bringing the "power of infinite sustain" to the entry level player at an affordable price.

MONTEREY®

Boasting a classic design with exceptional playability, the Monterey® accentuates the recognizable shape of musical history but with modern touches added for today's uncompromising player. Currently offered in three versions, the Elite and Deluxe are both built under the same top of the line quality standards, with the MONTEREY® ELITE being empowered by the Fernandes Sustainer™. The Monterey X is also available, included in the Monterey® Guitar X-pack® (described in page 29), not sold separately.

Monterey® Elite and Deluxe

Featuring a 5-A Canadian Flame Maple top, Mahogany body and tapered set-neck with a 22-fret Rosewood fingerboard, Graph Tech® nut, Grover® tuners, Gotoh® Tune-O-Matic bridge, Seymour Duncan® USA humbuckers (JB/Jazz on Deluxe - JB/Fernandes Sustainer™ on Elite).

Retrorocket®

Traditional at it's best. The design that made Fernandes known in the western world delivers outstanding playability with striking looks under the same well known body style, with different configurations for all budgets.

Retrorocket® Elite

Proclaimed "the ultimate performance guitar" by touring and studio guitarists alike, the Retrorocket Elite brings together traditional styling with modern technology and versatility. Featuring a lightweight Swamp Ash body bolt-on Canadian Maple neck, 22-fret Rosewood fingerboard, Wilkinson® Tremolo System, Sperzel® locking tuners, Seymour Duncan® USA pickups, including the ground breaking Hot Rails model in the bridge position, and comes equipped with... You guessed it... the patented Fernandes Sustainer™ System.

Retrorocket® Pro

Offering a slightly different take on a classic shape, the Retrorocket® X features once again chrome hardware and white pick guard, thus enhancing its visually appealing finishes. For the entry-level guitar player seeking to stand out from the masses, this guitar also features the Fernandes high-output bridge humbucker and single coil pickups inside a solid Alder body and bolt-on Maple neck with a 22-fret Rosewood fingerboard.

Retrorocket® X

Offering a slightly different take on a classic shape, the Retrorocket® X features black hardware and pick guard, thus enhancing its visually appealing finishes. For the entry-level guitar player seeking to stand out from the masses, this guitar features the Fernandes high-output bridge humbucker and single coil pickups inside a solid Alder body and bolt-on Maple neck with a 22-fret Rosewood fingerboard.

Retrorocket® X-1

This is a Fernandes traditional guitar for the beginning player. The Retrorocket® X-1 features a solid Alder body bolt-on Maple neck with a 22-fret Rosewood fingerboard and Fernandes high-output single coil pickups. Available in three classic finishes (three tone sun burst, black and red).

PALISADE®

PALISADE® SERIES

The palisades are back. Enhanced, updated and better than ever. The best-crafted acoustics to bear the Fernandes label to date. Boasting a beautiful solid Spruce top, Mahogany body and neck for the richest tone and harmonic sustain, rosewood 22-fret fingerboard with Fernandes signature triangle trapezoid pearlloid inlays, signature cutaway for easy all-neck access, stylish black & white/ivory sound hole and contour binding, hard rosewood bridge with PPS nut. Top quality woods, craftsmanship and technology bring finesse and style to any guitar player.

All Palisades include durable soft case.

PD-16C

Featuring a compact and comfortable design, the PD-16C offers incomparable playability and tone at an affordable price. Available in Black, Natural and Blue Burst.

PD-16C EQ

Same specs as the PD-16C, but taking the standard acoustic to the next level with a SHADOW® LC-4 Preamp. Available in Black, Natural and Blue Burst.

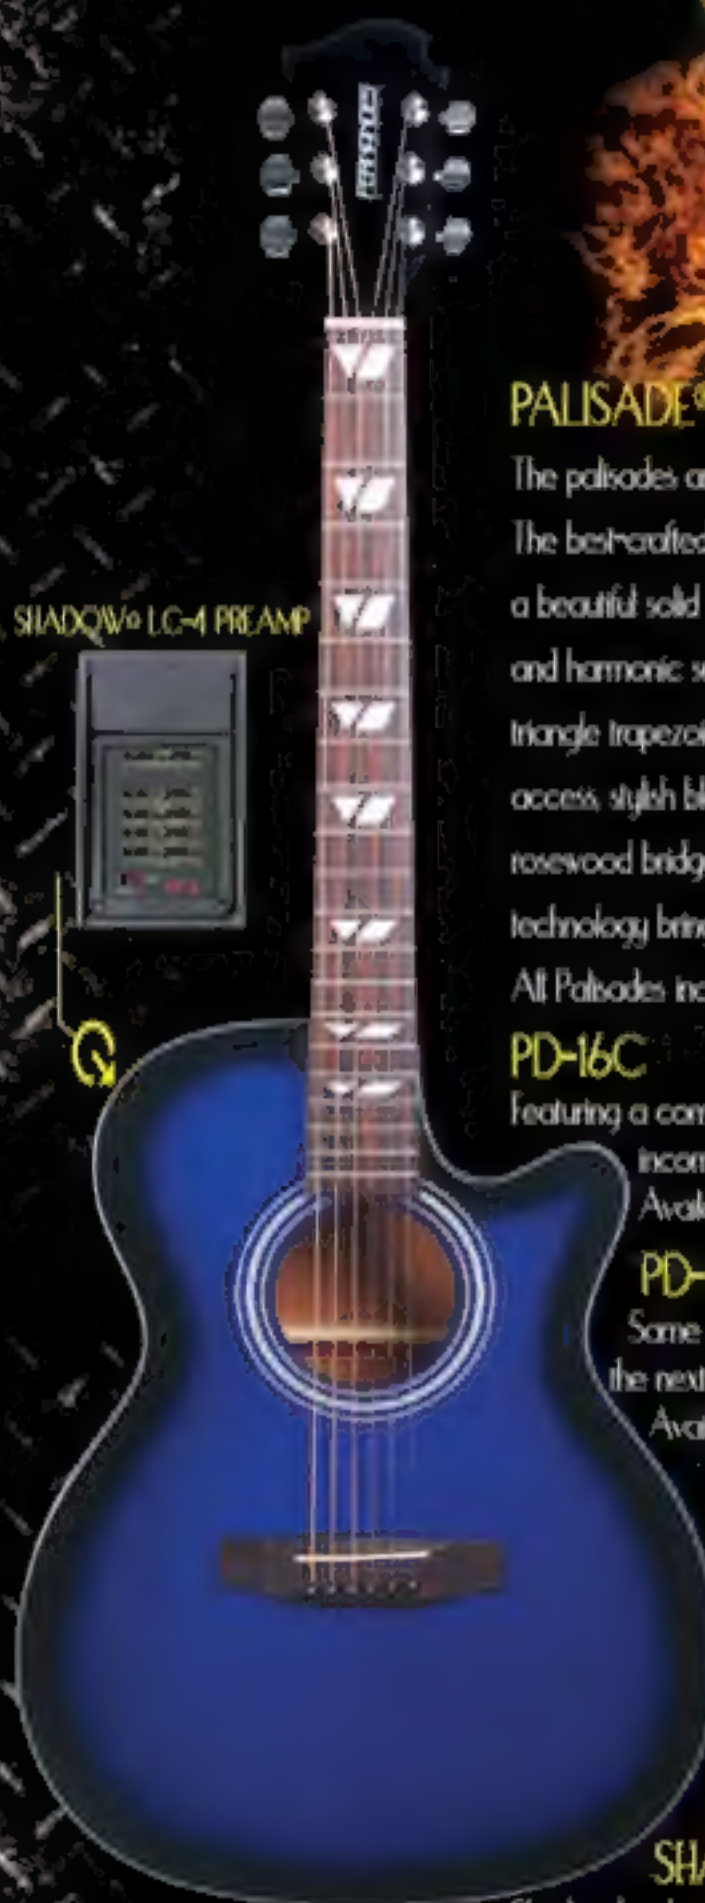

PD-18C EQ

The PD-18C EQ features a bigger body for a loud full acoustic sound enhanced with a SHADOW® LC-4 EQ and Preamp, giving you top of the line performance in today's guitar market. Available in Black, Natural and Dark Red.

SHADOW® LC-4 Preamp

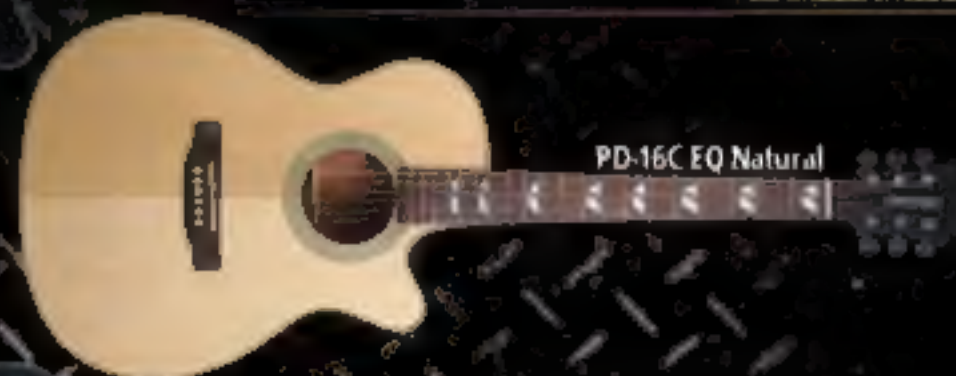

Shadow has been known for years as a leading technology in acoustic pickup systems, as part of the improvements to the Palisade series, we offer the LC-4 preamp in the PD-16C EQ and PD-18C EQ, which includes a volume level control, semiparametric 4-band equalizer and phase inverter.

REVOLVER®

The Revolver® is the model of choice for players looking for the comfort of a modern double cutaway body with a Floyd Rose locking tremolo system. Today's lead guitarist does not compromise tone for features, and the Revolver provides plenty of firepower without sacrificing finesse.

Revolver® Pro / X / XX

Featuring a double cutaway Alder body, reverse headstock, bolt-on Maple neck with extended access to the high registers of the 24-fret Rosewood fingerboard and licensed Floyd Rose locking tremolo system, the 2006 Revolver brings real 6 string shooting power for all you lead guitarists out there. Reinforced with Fernandes dual high-output humbuckers (Fernandes Sustainer® in the Pro model), Getstyle die-cast tuners and ultra-comfortable body shape, the affordable XX offers a string-through body construction with a Tune-O-Matic bridge for those who prefer a fixed bridge maintaining the class and comfort of the Revolver®.

Revolver Pro-81

For those looking for ripping tone, infinite sustain and locking tremolo, your case is hard. With the one and only EMG® 81 humbucker and some other features to the Revolver® Pro is specially suited for the lead guitar player. Available only in Black.

NOMAD®

Nomad®

Built for guitar players on the go, the Nomad® brings the world closer to strings at a time. Light weight, easily stored, anytime, anywhere. Simply flick the switch, let it rip... What's not? You're just one song away from a masterpiece.

Nomad® Deluxe

Go anywhere, anytime with the Fernandes Nomad Deluxe! Boasting a full-scale neck, comfortable body shape and built-in amplifier, the Nomad® Deluxe comes equipped with the Digitech RP100 processor right at your fingertips!

Guitar World Magazine writes: "Incredible as a practice aid, fun as a conversation piece and INDISPENSABLE as a song or riff writing tool, the visionary Fernandes Nomad Deluxe combines the features and form of a digital amp with the feel of an expensive guitar."

Features include:

- 25 fully programmable effects and 60 preset/user patches
- Drum machine/Rhythm tuner with adjustable patterns and tempo
- AudioDNA1M super chip, allowing the tones of the greatest vintage and modern amps over metal and acoustic guitar simulation
- Cabinet Mic and pickup modeling
- Chromatic tuner with 4 tuning references
- Expression pedal input
- Headphone Jack
- Gig Bag

Battery Pack Strap

Strapon power designed for use with the Nomad Deluxe, the Battery Pack Strap provides extended usage time for most electronic devices with a 9V-2hrm ac adapter input. This high quality strap and pouch holds a specially designed power pack that runs on 6 AA batteries and lasts for over 4 hours! For a post 9-11 America, this really comes in handy at the airport.

Nomad® Bass

The Nomad Bass features a short scale neck, piezo pickup and is powered by a built-in 10 watt amplifier/speaker. Leave your 800's at home and pack the Nomad Bass, it's like a credit card. Don't leave home without it!

GRAVITY®

Robert Trujillo is one of the most recognizable bassists in the world today. Only an instrument of supreme quality and playability can deliver like he does. With its sleek curvaceous body, smooth maneuverable neck, and undeniable tone the Fernandes Gravity is built for players who are serious about what they do.

Gravity® 4 Deluxe/5 Deluxe Bass

With its sleek, curvaceous neck-thru body and deep powerful tone, the Gravity® Deluxe is the 'bass in your face', gracing stages everywhere in the hands of pros ala Robert Trujillo (Metallica) to Mick Morris (Eighteen Visions). Featuring dual EMG® J active pickups, an active FGI preamp system, Gotoh® tuners and Badass II® bridge for the ultimate in tone and unsurpassed stability. No other bass even comes close to the versatility of the Gravity Deluxe.

Gravity® 4X/5X

The Gravity® 4X and 5X are the ultimate basses for the entry-level player. The versatile Gravity X features a solid Alder body, bolt-on Maple neck with a 24-fret Rosewood fingerboard and dual high output Jazz style pickups. Comfortable, affordable and performance driven. Hey even

Trujillo's got a couple of these.

kick-start your playing!

Monterey Guitar X-PACK

Models:
SG-G: Guitar Gig Bag / SG-B: Bass Gig Bag / INC-A: Acoustic Molded Case / INC-M: Molded Case specially designed for Monterey and Revell guitar models / INC-G: Standard Guitar Molded Case fits most guitars / INC-B: Bass Molded Case fits all Fender® Bases / HC-G: Hard Shell Case fits most solid body guitars, including the Vertigo.

The Farnandes Custom Skull-Knobs can turn your gear into a menacing metal machine. They look great on guitars, basses, amps and effect processors. Featuring a highly detailed 3-D design that faces the audience instead of the floor, the knobs fit both standard and metric shafts using a special insert for a smooth wobble-free fit.

A hightech attack on modern tone, the PPS and Stainless Steel represent the ultimate in guitar pick making technology • Models: PPS-001, SS-001, SS-002, SS-003

PPS: Made from Polyphenylene Sulfide - a material commonly used in automobile and computer parts the PPS picks are lightweight but hard enough to ensure picking is strong and precise, so the pick provides accurate attack with a full-bodied tone as it strikes the string. Silicon rubber based surfacing on each side, makes this pick ideal for fast picking styles. Available in beandrop and Jazz shapes and 0.8mm/1.0mm/1.2mm gauges.

-Stainless: Stronger than iron, resistant to corrosion and heat, with a brighter metallic tone, the Stainless Steel makes your attack nothing short of lethal.

Represent! Let the world know what you play even when you're not playing.
